## EXPERIENCE

### Software Developer Intern at HashedBit Innovations

June 2025 - August 2025

*Role - React Developer*

*Gurugram, Haryana*

- Developed 10+ RESTful APIs, implemented CRUD operations, and built scalable features using React.js, Node.js, Express.js, and SQL for live full-stack projects.
- Contributed to Agile/Scrum sprints via Jira, delivering production-ready code.
- Utilized Git/GitHub for version control, ensuring feature branches were reviewed and merged into the main production branch.
- Enhanced skills in full-stack development through real-world project exposure and collaboration with senior developers.

### Intern at Grownited Pvt. Ltd.

January 2025 - April 2025

*Role - MERN Stack Developer*

*Ahmedabad, Gujarat*

- Developed a full-stack e-commerce platform supporting 3 user roles (Admin, Seller, Customer) using React.js, Node.js, Express.js, and MongoDB.
- Integrated Razorpay payment gateway, notifications, cart, etc.
- Implemented user authentication, search and filter functionality for various products listed on app.
- Handled the Database and created a responsive front-end using HTML, CSS, JavaScript, and Bootstrap
- Worked on various other projects using various coding methodologies.

## PROJECTS

### Real-Time Language Exchange Application 🔗 | MERN Stack, Stream SDK, Tailwind CSS June 2026

- Built and deployed a MERN-based language exchange platform with real-time chat, video calling, friend management, and 32 UI themes.
- Implemented JWT authentication, protected routes, friend request workflows, React Query caching, and Zustand state management.
- Deployed the application on Render, integrated cloud database services, and configured production environment variables and API workflows.

### Blog Website 🔗 | Node.js, Express.js, EJS, MongoDB Atlas

December 2024

- Built a blog platform with MERN Stack.
- Designed EJS-based UI with CSS and implemented backend logic using Mongoose.
- Added user authentication, responsive design, and efficient CRUD operations.

### Animated Landing Page 🔗 | HTML, CSS, JavaScript

August 2024

- Developed a dynamic and responsive landing page featuring video backgrounds, 3D animations, and interactive UI elements.
- Implemented advanced CSS effects including glassmorphism, animated typography, and visual transitions.
- Developed 5+ interactive UI components including image carousel, video controls, animated navigation, and custom CSS animations.
